A. RUTLAND HEALTH PLAN: UPDATE

A presentation was received from Debra Mitchell, Deputy Chief Operating Officer, LLR ICB giving an update on the Rutland Health Plan. During the discussion, the following points were noted:

- A copy of the presentation would be distributed with the minutes but if members had any queries, they should contact the Deputy Chief Operating Officer.
- The Chair of Healthwatch requested that a list of the Rutland pharmacies who would be involved in 'Pharmacy First' should be publicised to prevent members of the public being charged for private prescriptions.
- The Strategic Director of Adult Services and Health stated that the presentation identified what the Leicester, Leicestershire and Rutland 5 Year Joint Forward Plan (LLR 5YJFP) would mean for Rutland and its residents.
- The Deputy Chief Operating Officer confirmed that a more 'user friendly' format would be published for the public.
- The Group Director of Strategy & Partnerships Leicestershire Partnership NHS Trust & Northamptonshire Healthcare NHS Foundation Trust asked members to note the recently published annual LLR report - [Learning from Lives and Deaths: People with a Learning Disability and autistic people \(LeDeR\)](#).
- Members noted that some areas of the plan were in the first stages of development while others were more advanced.
- The Rutland Health Plan was ambitious but would be achieved through positive partnership working.

9 JOINT STRATEGIC NEEDS ASSESSMENT: UPDATES & TIMELINE

A verbal update was received from Adrian Allen, Assistant Director – Delivery, Public Health. During the discussion, the following points were noted:

- The next chapters of the Joint Strategic Needs Assessment (JSNA) - Substance Misuse and Alcohol Misuse – had been postponed for review/approval by the HWB until the January meeting as the two chapters had been merged into one and required finalising by the respective groups.
- Work on the Rutland Military and Veterans Needs Assessment was ongoing.
- Mental health and learning disabilities were being scoped as the next chapters of the JSNA with links between the two to be clearly identified.
- Phases 2 and 3 of the JSNA were being planned for 2024/2025 with chapters:
 - Best Start for Life
 - Staying Healthy & Independent
 - Healthy Ageing
 - Equitable Access to Services
- The removal of the chapter 'COVID Recovery' was being discussed due to relevancy.
- An updated version of the JSNA would be circulated with the minutes.

9. Childrens and Young People (CYP)

Progress to date	Our Plans for 2023 – 2025
<p>25</p> <ul style="list-style-type: none"> ✓ The LLR CYP Partnership includes representation from both health and social care in Rutland ✓ Work has commenced to identify the areas of concern and inequity for the Children and Young People in Rutland which will identify core areas of work. ✓ Neurodevelopmental system working group commenced in September, to bring together all professionals to ensure service improvement plans are focused on improving access to services and a reduction in waiting times. ✓ Send language and living project currently in cohort 2, ensuring early intervention of SALT and OT at a universal level is available in schools. ✓ Overall positive outcome from Rutland Ofsted SEND inspection ✓ LLR Asthma group has commenced work on improving the management of Asthma for CYP in Primary Care across LLR ✓ Rutland has completed the Delivering Better Value in SEND (DBV) programme, diagnostic phase and has submitted its application for an implementation grant offered by DfE 	<ul style="list-style-type: none"> ➤ Strengthen the CYP Partnership to allow for shared learning and joint commissioning of services. Planning day on 3rd November. This will enable this work to shape our delivery of CYP services by working together to further improve joint planning and oversight arrangements using robust data. ➤ Obesity Plan in development following a positive 12 month pilot ➤ Develop a plan to address the inequities identified for CYP in Rutland to include <ul style="list-style-type: none"> ➤ Smoking cessation ➤ Mental Health ➤ Oral Health ➤ Influence the neurodevelopmental partnership opportunities across the system. Progress transformation plans Including working in partnership with VCS. ➤ Develop the current pilot into the ELSEC programme with larger scale delivery. (National initiative , 1 of 9 early adopters) ➤ LLR identified as region to be involved in DfE Change Pilot. Enable this pilot to bring support, education and resource for SEND workforce throughout LLR ICS. ➤ Set measurable targets to reduce waiting times and provide effective support for children and young people awaiting neurodevelopmental and mental health assessments ➤ Strengthen joint strategic working across borders to enable specialist health needs for ‘service children’ and those who access a general practice outside of Rutland to be assessed and met

Our Pledge:

Improve access to, experience of, and outcomes for children and young people - with a special focus on driving up health equity
