Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	Key points for Discussion or Escalation	June 2023 Project RAG Status
2.1	**Supporting people to take an active part in their communities**											**GREEN**
2.1.1	Ensure residents are fully aware of the community and health and well-being offer in Rutland and understand how to access it.	Communication of Rutland's community and health and wellbeing offer including; a) Develop and implement a multi-channel communication plan to enhance information for signposters and for the public, including distinctive groups. This will also align with the work of the HWB and cater for those that are digitally excluded or use cross border services. b) To include enhancing the reach and scope of the Rutland Information Service (RIS) via multiple channels (web, social media, print). c) Updating the RIS online platform to meet accessibility standards and be more usable on mobile devices as this is how most users access it. d) Enhancement of online functionality for clearer routes into preventative services.	RCC-Public Health (RIS)	Jun-23	Place	* Completed Health and Wellbeing Communication plan aligned with the HWB * Reach of communication campaigns including social media followers, posts and shares * RIS monthly visitor figures * Qualitative feedback on awareness of and access to service across Rutland	Working Group re-established with good reach of stakeholders. Group aware that finalisation of plan is required. Quality Improvement Officers have been assigned actions including engaging with community groups, digital imporvements.					**GREEN**
2.1.2	Working in collaboration with the VCF sector to further strengthen relationships across the sector.	a) The VCF forum coordinated by Citizens Advice Rutland (CAR), also working with wider bodies and services e.g. Parish Councils, and statutory and commissioned services. Sharing intelligence, skills and resources; mutual aid; joint responses to community needs and funding opportunities. b) VCF groupings with a shared focus e.g. deprivation, armed forces. c) Community development encouraging the formation and confident operation of new groups in Rutland for shared interests. d) Mapping of the Rutland voluntary and community sector to understand its strengths and areas for development. e) Collaboration, with statutory and commissioned services, around sustainable improvement for households with multiple and/or complex needs impacting health and wellbeing.	CAR, RCC	Jun-23	Place	* VCF forum participants * Collaborations including events, shared resources, joint services, grants obtained * Mapping of Rutland voluntary and community sector	VCF forum ongoing and CAR providing support to the VCF sector. Research underway into the development needs of the VCF sector to support commissioning of this service from 2022-23. Recent proposal put together by VCS partners to better support individuals calling on many services and reduce ongoing need - however only partially funded as yet. Attendees at neighbourhood monthly meeting increasing.		low uptake of survey by VCSE groups	CAR have allowed a 3 month data collection period and we will invest staff and volunteer time to drive up participation.		**GREEN**
2.1.3	Increase the level of volunteering across the county.	Working through the Citizens Advice Rutland (CAR) volunteering marketplace, making sure we are building on positive experiences in the pandemic.	CAR	Sep-23	Place	* Number of volunteers registered * Number of matches made * Number of hours of volunteering committed	Volunteering site is in place and actively promoted, range of opportunities increasing. Celebrated volunteers week at the end of May. Main current challenge is numbers of volunteers coming forward.		The demand for volunteers is not met as numbers of available volunteers is lower than needs of VCSE sector.	CAR are running an ongoing campaign on social media, local radio, pop up stalls and monthly VCSE calls to try to increase the number of volunteers in county.		**GREEN**
2.1.4	Building Community Conversations	Explore the potential application of innovative models to empower individuals and communities, including: the Healthier Fleetwood model in which facilitated conversation spaces enable communities/groups with a common interest to meet informally to discuss opportunities and issues and progress improvements; and Camerados, an approach designed around people looking out for each other.	CAR	Mar-24	Place	* Feasibility study on implementation of potential community models in Rutland * Qualitative feedback that community conversations are taking place * Number of participants in the model	Community conversations work to to be planned in. Neighbourhood lead in post and attendance at new neighbourhood meetings increasing.					**GREY**
2.2	**Looking after yourself and staying well in mind and body**											**GREEN**
2.2.1	Supporting residents to live more active lives	a) Increasing exercise on referral and promotion of active opportunities – helping people to increase activity positively in ways that work for them - personalised approach building on strengths. Also targeting groups such as patients on waiting lists, with mental ill health or living with dementia or cancer, people isolated or unable to travel. b) Local progress of the LLR Active Together strategy, including engaging organisations including businesses, care homes and schools in facilitating active lives. c) Development of Active Referral programme delivered by Active Rutland, utilising the Joy platform for referrals. d) Secure funding via PCN to develop a wider offer e.g. hip, knee and back school. e) Access to Holiday Activities and Food programme delivered by Active Rutland.	Active Rutland, Active Together, PCN RISE	Mar-24	Place	* Exercise referrals made * Exercise referral service user numbers * Reduction in the proportion of adults overweight or obese * Increased proportion of physically active adults * Increased proportion of adults engaging in active travel (cycling or walking) at least 3 days a week * Proportion of health checks completed	New funding and a service model has been agreed for the continuation of Active Referral from April 23. The programme will be coordinated by the Active Rutland team based at Rutland County Council.					**GREEN**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	Key points for Discussion or Escalation	June 2023 Project RAG Status
2.2.2	Supporting residents in health awareness and ensuring they can self-care where appropriate.	a) Providing information to increase awareness of changing health needs, and confidence to self-care. b) Clear prevention 'front doors' for additional support (See 2.2.4 Social Prescribing). c) Increase uptake of Weight Management Rutland service for adults, and family-focused support programmes, including Holiday Activities and Food Programme. Encourage take-up of NHS health checks and ongoing blood pressure monitoring for early diagnosis of cardio vascular risk. d) Review Chlamydia screening across Rutland to identify reasons for low level of Chlamydia detection and screening.	RCC (incl RIS, RISE, libraries), Public Health, PCN, VCF sector	Mar-24	Place	* Communication measures on Health awareness campaigns and RIS webpages (reach, shares, posts etc.) * Uptake of prevention services * Uptake of NHS health checks and numbers of referrals to prevention services * No. of blood pressure checks in the community * Improvement in Chlamydia screening rate and understanding of detection rate	The Rutland weight management service will be mainstreamed funded from April 1st this will provide more opportunities to promote the service and increase take up of the offer to Rutland residents. Linking into the MECC, Active Rutland, and the newly commissioned Health checks. Alterations made to the health checks service are designed to improve the invite and take up process. Sexual health services are currently out to consultation and the results of which will inform the procurement process but also give					**GREEN**
2.2.3	Ensure our workforce are trained and empowered to have healthy conversations	a) Implement Healthy Conversations training (Making Every Contact Count Plus – MECC+) to empower Rutland's diverse front line staff to discuss health and wellbeing with service users and signpost them. b) To include professionals working with housebound and digitally excluded people, and those who struggle to travel. c) Accessible signposting resources.	RCC, PH, LPT	Jun-23	Place and System	* Numbers trained in MECC+, train the trainers and super trainers in Rutland * Data on source of referrals to prevention services * Reach of RIS website * Qualitative feedback and evaluation of MECC+ training package	Paper going to the Health & Wellbeing Board in March on MECC+ rollout in Rutland. Train the Trainer dates agreed for March 23.					**GREEN**
2.3	**Encourage and enable take up of preventative health services**											**GREEN**
2.3.1	Increase uptake of immunisation and screening programmes.	a) Completion of a health equity audits on immunisation and screening programme uptake across Rutland. (Including childhood immunisations.) See 1.1 and 1.2. b) Targeted communications campaigns using behavioural science to support increasing uptake. (See 2.1) c) Use the Health and Wellbeing Coach, healthy conversations (MECC+), Core20Plus5 and other routes to increase cancer screening uptake including mammograms, bowel scope screening and cervical screening [see 2.2] d) Considering how services could be delivered closer to home (for example breast and bowel scope screening) See 4.2.	PH/ PCN/ NHS England	Mar-23	Place and System	* Health Equity audits completed on areas of concern. Results/ recommendations reported to HWB and LLR Health Protection Board. * Uptake of specific immunisation and screening programmes. Specifically reviewing vulnerable or under-served groups. * Including offer/ uptake of health checks (including those for LD), uptake of screening programmes (including breast and bowel scope screening), uptake of screening programmes closer to home.	Health Check programme procured from 1st April for Health Checks, new payment schedule will support increased activity. Monitoring will happen through existing governance structures.					**GREEN**
2.4	**Maintaining and developing the environmental, economic and social conditions to encourage healthy living for all**											**GREEN**
2.4.1	To have a focus on health and equity in all policies.	Focus will include the economic, social and environmental contributions to health (wider determinants of health). a) Aiming for an overall commitment of relevant organisations in Rutland to building in consideration of health and equity in all that they do. b) Health Impact Assessments (HIA) or Integrated Assessments for decision making and policy development. Health Impact Assessment (HIA) of individual policies/investments, considering social value. c) Produce a wider determinants review with partners for Rutland. The review will explore existing work across Rutland, identifying any gaps to consider additional action across partners. Focus will include the built environment; open and green spaces; active travel; fuel poverty; air quality; and healthy housing.	RCC PH	Mar-24	Place	* Organisations committed to a Health and Equity in all Policies approach. * Evidence that organisations have embedded a process to systematically consider health, wellbeing and equity in everything they do. * Evidence of enhanced designs/decisions from HIAs * Development of wider determinants review.	Some initial Health in all Policies work has started, including focus on a training package covered in action 5.3.1. This will lead onto a more formalised approach once learning from pilots is complete.					**GREEN**

BLUE = Complete

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
4.1	**Understanding the access issues**										**AMBER**
4.1.1	Indentify services that are commissioned locally in Rutland via the LLR and ICB and map equivalent services available across the neighbouring borders. To include both Primary and secondary care. Identify the cohort of patients who are registered with a Rutland GP but outside of Rutland. Finding to inform future pathway design.	Identification of the number of patients who are registered with a Rutland GP but live outside of the Rutland CC boundary. Identification of patients who live inside the Rutland boundary but access GP services outside the Rutland CC boundary. Identify issues of health and social care provision across borders to inform targeted work looking at certain cohorts of patients. Check services available in Leicestershire and indentify pathways in neighbouring counties and vice versa. Indentify top ten secondary care referral specialities for Rutland patients. Identify top ten reasons for attendnace at A&E for Rutland patients. Identify top ten reasons for admission in to secondary care for Rutland patients. Identify RMH community hospital inpatient bed utilisation and occupancy rates, including Rutland patients who are admitted to a community hospital bed outside of Rutland. Operational Service mapping of key OOA pathways where there are inequalities	ICB	Jun-24	Place	Report on border issues Documented mapping of key OOA service pathways and reference to specific issues Agreement on areas of focus of inequalities as part of delivery of PCN Network DES Agreed data sets and reports available for Rutland on Aristotle.			Variability in the availability of certain data from different providers. Some data may not already be routinely collected.	Work closely with Midlands and Lancs CSU and providers to ascertain whether it is feasible to establish regular data collection to inform measurement of the metrics.	**AMBER**
4.1.2	Develop strategic relationships with cross border commisisoners and providers to ensure equitable services are developed and available ensuring Rutland's residents and those registered at a Rutland GP have greater choice across boundaries and inform future strategy development of partner ICB's. Build equitable access into pathway design.	Greater understanding of services that patients access or should be able to access across borders in Peterborough, Lincolnshire, Northamptonshire and Cambridge. Check services available in Leicestershire and indentify pathways in neighbouring counties and vice versa. Established links with associate commissioners and other partner agencies to inform future commissioning arrangements. Patients will feel more informed with regards to the services that they can access, where they can access and the different services available other than an appointment with a GP. Highlighting different roles such as first contact physio, clinical pharmacist, mental health practitioners.	ICB	Apr-23	Place	Improved patient feedback from people reporting health and care inequity Established regular meetings with associate commissioners and regular two way dialect.			Rutland is much further ahead with its work around the place led plan and some of this work is only in initial stages across the boarders.	Close working to inform plans wherever possible. Sharing of our plans with border partners to ensure collaboration and alignment moving forward.	**GREEN**
4.1.3	Work with local Rutland population to understand the key issues that they identify as a patient living in a rural location such as Rutland. Publicise the wide range of services and extended roles available through primary care. Patient and public engagement to inform long term plans.	Engage with the local population with regards to the design of the enhanced access service. Address the key recommendations from the RCC Primary Care Access Survey. Engage with PPG's and Rutland HealthWatch	ICB	Apr-23	Place	Number of survey responses Patient feedback Progress against the individual recommendations outlined in the Primary Care Accesss Survey.			N/A	N/A	**AMBER**
4.1.4											
4.2	**Increase the availability of diagnostic and elective health services closer to home**										**AMBER**
4.2.1	Improving public information about locally available diagnostic and planned care services as part of increasing access including urgent care and when mobile facilities such as the mobile breast screening unit are in the area, and accessible out of area provision.	GP, PCN and Rutland Information Service having dedicated areas on their websites/directories with information that is kept up to date and active signposting to out of county equivalent services. Map all local services available.	ICB	Apr-23	Place	Local communication plan and RIS development including specific campaign on out of hours access					**AMBER**
4.2.2	Develop understanding of used and vacant space at Rutland Memorial Hospital to inform scope for potential solutions. Followed by strategic review of other vacant space that could enable health services closer to the population.	A completed estates review that identifies all areas that are curently being used, idenitfy areas for consideration not just from a health pespective but local authority and other local businesses such as leisure centres and vountary sector organisations.	ICB	Apr-23	Place	Quantified understanding of available space and existing medical facilities' appropriateness for clinical activity			The delay to the clinical estates strategy on informing the development of local understanding.	Working as a part of the team to inform the clinical estates strategy and anticipate outcomes so that this piece of work is citied and incorporated in discussions moving forward.	**AMBER**
4.2.3	Review and identify potential solutions for Elective and Community services feasible for closer local delivery, to macimise the use of local existing estates Infrastructure whilst supporting restoration and recovery post covid including considering e.g. cancer 2 week wait, cardio respiratory services and orthopaedics and the delivery methods for such services i.e. virtual or face or face, satelite clincs. Consider longer term options for children's services (incl phlebotomy), end of life, chemotherapy and diagnostics. Consider both new and existing infrastructure sites including Rutland Memorial Hospital (RMH).	Clarity of what services are delivered by GP practices, PCN, PCL, Acute and Community Services both locally and out of county. Review waiting lists for key priority areas. Explore potential areas for consideration to support reduction in waiting times and post covid back log for elective and community services.	ICB	Apr-24	System	Review of current and potential services delivered at RMH Evaluation of AI Tele - dermatology service Increase in availability and access to services locally			The unit has special requirements and restrictions for power supply and also access to facilities for patients attending.	Additional sites for housing the unit are being considered.	**AMBER**
4.2.4	Explore the possibility for a localised Pulmonary Rehabilitation Service through the evaluation of the pilot project in train to inform local feasibility models/review in Rutland.	Establish current usage of pulmonary rehab, anticipated future requirements and commissioning a service to be provided locally if required.	ICB	Jun-23	Place	Evaluation of local pulmonary rehabilitation take-up Increased take-up of pulmonary rehabilitation by relevant patients					**RED**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
4.2.5	Develop a longer term locally based integrated primary and community offer (health and social Care HUb) and supporting infrastructure for the residents of Rutland, driven forward by a dedicated partnership Strategic Health Development Group.	Establishment of Integrated Neighbourhood Teams by: Adopting a Population Health Management approach including risk stratification Delivering co-ordinated care at a local level Multi-disciplinary teams (MDT) working to deliver better outcomes Delivering a preventative approach to care, with access to a local prevention offer including social prescribing	ICB	Jun-24	Place	Partnership agreement on way forward and dedicated plan on next steps			Estates reviews timescales across partner organisations are not aligned. There is a current pressure on current ARRS staff and housing for them long term. Solutions being considered both short and long term.	Solutions being considered for both short and long term. One possibility is the use of Joules House but this is being considered as a part of the RCC estates review.	AMBER
4.3	**Improving access to primary and community health and care services**										AMBER
4.3.1	Improve access to primary and community health care: In primary care, take steps to increase the overall number of appointments in comparison to a baseline of 2019 and to ensure an appropriate balance between virtual and face to face appointments. (NB dependency on premises constraints). Increase uptake of community eye scheme provided by local optometrists and monitor usage. In community health, understand and work to reduce waiting lists/wait times for key services such as dementia assessment, community paediatrics and mental health.	Increase the undertstanding locally of the extended primary care team and the many ways in which an appointments can be booked . Implmented enhanced access locally More appointments in total in comparison to 2019 but acknowledgement of the wide range of appointment types available. Increase in the number of patients accessing the community eye scheme in comparison to baseline. Increase referrals to the community pharmacy referral scheme. A review of key services and waiting lists/times and put appropriate and deliverable plans in place to address whilst maximising the use of out of county providers and provision of more local services where possible.	ICB	Jun-23	Place	•Increased access to GP practice appointment in comparison to 2019 •Appropriate proportion of appointments delivered face to face in comparison to Aug 21 baseline •Qualitative feedback on GP practice access across Rutland •Identified waiting lists/wait times reduced			Access to waiting list data is limited from an ICB perspective. Only have at historic CCG level	Consideration to see if this data could be sourced through GP clinical systems instead and monitored on a monthly basis.	AMBER
4.3.2	Informing patients. Review PCN and practice website developments and online tools including review of usage data analysis to inform further website enhancements and engagement with registered population.	Standardised format for all 4 PCN practices making navigation easier. Recruitment of a digital inclusion officer (subject to funding) to work with patients to educate on the use of NHS app and websites. How to book appointments online, online consultations. Direct work carried our with the patients and public of Rutland to communicate the many services/clinics available and the varied roles. The role of care navigators and reception staff. Informing patients when appointments are released.	PCN	Apr-23		•Evaluation of PCN and practice websites and future developments.					GREEN
4.3.3	Review local pathways, with focus on: a)Satellite clinics nearer to Rutland – e.g. Joint injections at RMH being explored to manage local backlog b)Community Pharmacy Consultation Service (CPCS) pilot to support increase in referrals in key areas and reduce pressures in Primary care. This will be supported by the Rutland Pharmaceutical Needs Assessment.	Reduction in the number of patients waiting for joint injections. Increase in the number of patients being referred to community pharmacy and reduction in appointments in primary care that relate to conditions within the remit of CPCS.	ICB	Mar-24	Place	•Review of joint injections pathway •Reduced joint injection backlog •Reduced pressure on primary care •Review of community pharmacy services •PNA complete for October 22			Access to data	Consideration to see if this data could be sourced through GP clinical systems instead and monitored on a monthly basis.	RED
4.3.4	Maximisation of clinical space utilisation within primary care including existing primary care premises.	Undetake a clinical estates strategy. Seek to increase clinical consultantation rooms at Oakham Medical Practice via S106 investment. Explore potential Increase in designated clinical space at Uppingham Surgery.	PCN	Jun-23	Place	•Practices with increased consulting spaces •Increased appointment capacity			The delay of the clinical estates strategy has impacted on this piece of work and is integral for its delivery.	PCN, ICB and Place leads working collaboratively to ensure that this piece of work is completed as soon as possible.	RED
4.3.5	Review of GP registrations in the context of seldom heard or under-served groups to increase coverage where required for communities such as the travelling community, veterans and armed forces families (i.e. health equity audit learning from Leicester City Approach).	Establish links with primary care providers for military personnel. Identiication of seldom heard or under-served groups and increase in uptake of services via targeted comms and engagement.	ICB	Mar-24	Place	•Health equity audit on GP registrations			Ensuring linkages are picked up with the public Health inequalities work.	CS now attending the Staying Healthy Partnership Board.	GREEN
4.3.6	Ensuring full use of specialist primary care roles tailored to needs (e.g. practice pharmacist, muscular-skeletal first contact, health coach).	Increase in number of ARRS roles year on year Increase in the number of patients being seen by these roles. Maximisation of ARRS allocation Increase in staff undertaking training and further development.	PCN	Mar-23	Place	•Employment and delivery of specialist primary care roles in Rutland •Impact on primary care capacity of specialist roles			Full committment of budget means very little scope for in year developments in 2023/24.	Ideas sort for additional areas of consideration for 2023/24 in anticipation of in year slippage being available.	GREEN
4.3.7	Engage with local Armed Forces Defence Medical Services (DMS) to better understand to improve local health and social care interactions with regards to local service offers and and pathways. facilities to inform changes in local Health and Care services including referral processes/documentation e.g. RMH provision.	Establish links with primary care providers for military personnel. Identication of seldom heard or under-served groups and increase in uptake of services via targeted comms and engagement. Reduction in barriers to referral to secondary care services.	Put in inequalities section links to service movements			•Qualitative feedback that local services better reflect the needs of the military population			N/A	N/A	AMBER
4.3.7	Develop a single point of contact for the Armed Forces community, offering support and guidance to navigate the (local) NHS systems and prevent disadvantage	Develop and outline LLR wide model to act a as a single point of contact embedding key elements of the due regard framework. Due regard for the armed forces in health referral e.g. duty to consider this population in pathway navigation and communicating appropriate health offers locally.	ICB	Sep-24	System	National and local pilot evaluation. Metrics to be agreed.			Funding for the SPOC has been split across two financial years with an allocation that has been recieved in 2023/24. Potential that this allocation will be unable to be be spent.	Consideration being given to how this can be managed and whether this will have an impact on the pilot.	GREEN
4.3.8	Development of a Rutland wide partnership community transport project to look at demand and response bus service models with outline of enabling financial models. This will include current pilots e.g. Community Transport pilot in Uppingham.	**Identify lead for this**	RCC			•Pilot evaluation report of findings and recommendations •Options appraisal of community transport models including collaborative financial strategy with Parish Councils					AMBER
4.4	**Improving access to services and opportunities for people less able to travel, including through technology**										AMBER

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
4.4.1	Decrease digital exclusion and Increase digital inclusion by targeting people who want to use technology to improve access to services and/or reduce social isolation. a. Collaborative approach across involved agencies and services. Identify reasons for digital exclusion e.g, affordability, skills, confidence, connectivity, choice. Support to take up digital services e.g. access to medical record, booking appointments, virtual appointments, prescription ordering. b. Fit for purpose local internet infrastructure and access across Rutland including access to high speed broadband within community setting such as libraries. Advice to support household choices.	Increased number of people booking on line and using the practice websites. Increase in number of patients being seen virtually. Increase number of patients with digital access to their health care record. Provision of digital enablement sessions - training on how to use the NHS app and practice websites. Promotion of onine access at local events Consideration of a digital transformation lead within the PCN. Increase in number of location public access points for high speed broadband. Standardisation of the practice websites so they all have the same navigation for ease of use. Consideration of services that may be able to be offered virtually. Monitoring of website usage and collection of patient feedback.	ICB	Apr-24	Place	•Number of people digitally enabled. •Residents in Rutland have the option to subscribe to high speed broadband •No. of public access points for high speed broadband •Number of people with access to their GP record •Numbers of people using the NHS app to order repeat prescriptions and make GP appointments against the baseline comparator. Practice website usage data and feedback Number of people attedning NHS App training sessions			Originally a business case was going to be written for consideration against BCF underspend for the digital enablement element of this work but this is no longer available.	Instead this will be taken forward through the work of the comms and engagement group, linking in with key stakeholders, local volunteers and linking with the PCN Digital Transformation Lead.	AMBER
4.4.2	Identify existing issues and routes /modes to improve physical access to services from rural areas by working with RCC Transport Plan team (including through further travel time mapping for different modes of transport and times of day, to support wider planning, also considering out of area access to services and ambulance response times).	**Confirm Reporting Lead for this element**	RCC	Apr-25	Place	•Review of current transport routes and health inequalities needs assessment •Rutland travel time and bus route napping including costs			N/A	N/A	AMBER
4.4.3	Delivering commissioned services within Rutland. Encouraging LLR services commissioned from third party providers to be offered directly in Rutland including through venue support.	Review which third party services are provided and consister whether they are able to be delivered locally in Rutland. Increase in number of venues identified that can be used for health and social care service delivery. Identification of services that can be offered locally that were originally accessed external to Rutland.	ICB	Apr-24	Place	•More services delivered within Rutland wherever possible					AMBER
4.5	**Enhance cross boundary working across health and care with key neighbouring areas**										AMBER
4.5.1	Undertake an Out of Area contract review of LLR CCG commissioned services	Identify key contracts that are used by Rutland out of area.	ICB	Jun-23	Place	•Review of cross boundary working across health and care					RED
4.5.2	Phase 2 of electronic shared care records including sharing with organisations not on the LLR Care Record system, notably out of area providers and other specialist providers including Defence Medical Services. Dependency on national shared care record programme. Explore potential for future digital referral routes from out of area.	** Update from Sharon Rose Required**				Electronic shared records implemented across a range of health and care providers					AMBER
4.5.3	Maintain close operational working with neighbouring CCGs, Councils and associate commissioners in Lincolnshire, Northamptonshire, Peterborough and Cambridgeshire with an initial focus on Primary Care impact on local provision, and implications of UHL restructure on demand for out of area services. Consider representation on respective governance groups.	Establish links with neighbouring commissioners and providers and establish regular dialect.	ICB	Mar-23	Place	Clear links with local CCGs and LAs re cross boundary working			N/A	N/A	GREEN

New Enhanced Access service resulting in more appointments available a minimum of two weeks in advance, and a mixture of in person face to face and remote (22/23)
Consider a local Enhanced Access service (part of review of access to primary and urgent and emergency care) encompassing same day access for Primary Care, Urgent Care, including (Minor Injuries), and Frailty Care
Recruit dedicated Digital Inclusion and Communications resources to support development, access, and navigation of e.g., Patient Online System/NHS App services/remote consultations/ practice websites (22/23)

Review GP registrations in the context of unique or under-served groups to increase registration for Health Services e.g., Armed Forces Families and Traveller Community (23/24)
Develop an enhanced access model that supports access to same day appointments. (22/23)
Review Minor Injury Service provision and Urgent Treatment Centre provision to ensure that it meets the needs of the local population and reduces the need for presentation at ED. (22/23)
Identify the highest utilised ED's out of county and across borders in relation to Rutland residents looking at reasons for presentation and reviewing associated pathways (22/23)
Expand the number of Clinical Pharmacists working locally who can treat Minor Illness such as coughs, UTI's and Cellulitis and Long-Term Conditions. (22/23)

Priority 5: Preparing for our Growing and Changing Population

Senior Responsible Officer (on HWB) — **Sarah Prema**

Responsible Officer (on IDG) — **Adhvait Sheth / Jo Clinton**

5.1	**Planning and developing 'fit for the future' health and care infrastructure**										**GREEN**
5.1.1	Work with local/ neighbouring Integrated Care Systems (ICSs) partners to share information to ensure in border and cross border population health impacts are consistently understood	•LLR CCGs PCES Population Model that shows impact on health infrastructure as a result of growth in the Rutland border • Documented population health impact of Stamford North Housing Developments outside of the border shared with partners • Routine joint dialogue between partners •Initial baseline of Non Local plan impact by Rutland LSOA • Ongoing 6 monthly reviews and updates of latest LSOA level impact vs initial baseline position •RCC and Neighbouring LPA approach to prioritisation and CIL allocation plans is in place and visible to partners •Agreed population model with robust methodology that can be used to support dynamic impact modelling by LSOA •Work with Rutland County Council to facilitate development of a set of options for a Health Campus /Medi-tech trials facility	RCC/ICB	Apr-24	Place	•Aligned fit for the future plans with neighbouring ICS's • Healthcare is confirmed as priority for infrastructure funding and recieved adequate support in line with growth and impact • Understanding of current CIL funding including trajectory of allocations and any unallocated funding • Understand where Healthcare sits in wider prioritisation of infrastructure support • Agreed updated Information requirements and timely sharing with health partners to inform dynamic modelling •RCC to undertake a Community Infrastructure Levy (CIL) policy review with due consideration of enabling greater support for local healthcare infrastructure to ensure this is a key priority area of support going forward •Health Strategic Partners Involvement in CIL review process and receipt of report on new policy implications			Risk that RCC does not approve the RMH Enhanced Procedure Suite Business Case meaning that plans to bring care closer to resiednts may not be delivered.	None identified with no NHS Capital available	**GREEN**
5.1.2	Work with in county and out of county providers and commissioners to cross share plans for Healthcare to inform future local service provision	• Routine joint dialogue between partners on latest plans and possibilities for joint solutions •Aligned fit for the future plans with neighborhing Places to inform local commissioning in and out of county provision in the future • Agreed LLR representation on North Place Alliance • Ongoing Engagement with OOA senior transformation leads for Primary Care and Planned Care Transformation • Cross sharing of latest LLR and OOA CDC plans with understanding of timelines and key service offers to plans impacting Rutland residents	ICB	Apr-24	Place	•Aligned fit for the future plans with neighborhing Places to inform local commissioning in and out of county provision in the future • Documented population health impact of Stamford North Housing Developments outside of the border shared with partners • Understanding of emerging options for joint solutions on the Stamford and Rutland border • Joint messaging around direction of travel for cross border developments in place and evolving over time					**GREEN**
5.1.3	Enable a fit for the future local healthcare	• Documented PCN Clinical and Estates Strategy to inform how future clinical strategy can be supported to deliver going fwd. • Business Cases development and approvals for future Estate solutions •Undertake strategic site feasibility review of local Health Estates including Rutland Memorial Hospital	ICB/RCC	Apr-23	System and Place	• Identified PCN clinical priorities and reccomendations for future sustainable solutions that are documented and that can inform the delivery of the Healthcare Plan • Quantified understanding of available space on site at Rutland Memorial Hospital within existing medical facilities' appropriateness for clinical activity against criteria • Develop a Business Case for RMH based on feasibility findings • Approved Business Case for RMH Enhanced Procedure Suite that enables the associated service transformation to bring care closer to home			Risk that RCC does not approve the RMH Enhanced Procedure Suite Business Case at Full Coiuncil in July meaning that plans to bring care closer to residents may not be delivered.	None identified with no NHS Capital available	**Amber**
5.2	**Health and care workforce fit for the future**										**GREEN**
5.2.1	Develop training for new ways of working	Ensure appropriate local development opportunities are being accessed by all roles where available i.e. Community Pharmacy Academy development programme - for Occupational Therapy, Clinical Pharmacist, Paramedic connected to Network, muscular-skeletal first contact staff and health coach	PCN/RCC	Apr-23	Place	•Completion of PCN training courses and evaluation of training and impact on patient outcomes					**Complete**
5.2.2	PCN continue to expand on its Additional Roles Reimbursement Scheme	• Recruitment of all ARRS roles outlined in the 2022/23 workforce plan for Rutland Health PCN • Looking at care co-ordination and clinical pharmacists' capacity	PCN/RCC	Apr-23	Place	Key roles being acessed and utilised by local residents					**Complete**
5.2.3	Develop Career Development Structures	• Mat to advise whether to remain, be changed or removed • Consider projects to increase career development and satisfaction for retention e.g. via delegation of health tasks	RCC			•Carer development and increased potential for workforce •Proportion of health and care staff remaining in work after 55					**Complete**
5.2.4	Promote local Career Opportunities	• Mat to advise whether to remain, be changed or removed • Increase engagement with local young people around careers in health and care, including through collaboration with schools and opportunities for work experience	RCC			•Sustainable health and social care workforce •Increase in proportion of staff in health and care sector locally					**Complete**
5.3	**Health and equity in all policies, in particular developing a healthy built environment aligned for projected growth**										**GREEN**
5.3.1	Embed Health and Equity in all strategies and policies across Rutland County Council and then partner organisations	• Core partnership working group estavblished to take this forward in an agreed timeline • To consider their impact on mental and physical health, health inequalities and climate change. This will include Health and Equity Impact assessment development and training. See 2.4. • Public Health and Health Strategic partners to support the Planning Authority	PH (Mitch Harper)	TBC	Place	•Completion of a Local Plan Health Impact Assessment with clear and achievable recommendations •Progress against identified recommendations in the Local Plan development •Health and Equity in all policies embedded across Rutland Completion of a Health Impact Assessment of the Local Plan at the appropriate point of development with clear recommendations for mitigation and/or enhancement.					**GREEN**
5.3.2	Plan digitisation of paper records by exploring digital record storage for practices using SystmOne to optimise space for PCN activity (23/24)										

Priority 6: Ensuring People are Well Supported in the Last Phase of Their Lives

Senior Responsible Officer (on HWB) **James Burden**
Responsible Officer (on IDG) **Charlie Summers**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
6.1	**Each person is seen as an individual**										
6.1.1	Ensure there is choice at the end of life, in terms of place and type of care, to include continuity of care.	Identify all the services available to patients in Rutland who require end of life care and how these are accessed. Identify services outside of Rutland that may also be accessible.	ICB	Sep-23	System	A centralised resource detailing all EoL service available to patients in Rutland including LLR commissioned services and Rutland specific.			Current LLR EoL programme delayed.	Timescales have been adjusted to reflect delays.	**AMBER**
6.1.2	Support individuals in achieving their wishes around end of life care, including through awareness raising about support already available for them and their carers, and how to access it, including the Integrated Community Specialist Palliative Care Service, specialist nursing, virtual day therapy, befriending support and training.	Increase advance End of Life Care Planning by using risk data tools to identify people reaching last years of their life (22/23) Increase the use of RESPECT care planning, streamlining the process to make the process easier.	ICB	May-23	System	Increase in the number of patients with a RESPECT Care Plan					**GREEN**
6.2	**Each person has fair access to care**										
6.2.1	Explore the possibility of delivering more end of life care services closer to home, with consideration for the use of the Rutland Memorial Hospital. Also consider out of hours palliative care access - quality and quantity (eg ability to respond if syringe drivers fail).	Complete the EoL Refresh our JSNA and LLR all age end of life strategy (22/23)	ICB	Mar-24	Place	Baselie of EoL Service and service utilisation locally.			The LLR EoL strategy that was due for completion by the end of March 2023 has been delayed and now is expected to be completed by August 2023. Once this is acomplete and assessement of service delivery and poteial options for future pathway redeisgn will be conidered. This will also be informed by the refreshed JSNA chapters for EoL .	Timescales have been adjusted to reflect delays.	**AMBER**
6.2.2	Understand access to hospice and other services for End of Life care, and requirements for these commissioned services. Use this to improve access to hospice care, including transport issues, and facilitating commissioning where the provider is not within LLR.	Look at hospice utilisation for Rutland residents requiring EoL respite care.	ICB	Mar-24	Place	Baseline of hospice activity numbers for Rutland patients requiring respite hopice care including numbers to RMH palliative care suite.					**GREY**
6.2.3	Early identification of those likely to be in the last year of their life is in place, using assessment tools (e.g. Aristotle Population Health Management system validated tools). Ongoing use of this to support further ReSPECT planning to benefit those people and their families.	Designation of a specific end of life co-ordinator with in the PCN to undertake this piiece of work to ensure that patients are ideintified through using risk stratification.	PCN	Mar-23	Place	Once baseline measures are taken, measure the increase in number of patients being indeitified and increase in the number of patients with a care plan.					**GREEN**
6.3	**Maximising comfort and wellbeing**										
6.3.1	Review pre-, peri- and post-bereavement support services, considering people in different circumstances (including armed forces, children and young people, parents experiencing the loss of a child, people with Learning Disabilities who are losing or have lost key loved ones, sudden and anticipated loss, bereavement through suicide). Consider coverage across Rutland and how different services complement each other. Also consider the link to mental health services.	Strengthen our community palliative and end of life care offer (22/23)	RCC	Mar-24	Place				The LLR EoL strategy that was due for completion by the end of March 2023 has been delayed and now is expected to be completed by August 2023. Once this is acomplete and assessement of service delivery and poteial options for future pathway redeisgn will be conidered. This will also be informed by the refreshed JSNA chapters for EoL .	Timescales have been adjusted to reflect delays.	**AMBER**
6.2.2	Timely management of medical equipment and small aids for palliative/terminal care at home - provision and removal. Consider the scope for a community run 'Emergency Hub' facility to help people with supplies needed urgently that werem't anticipated, and with advice.	Support more people to die in their place of choice through Increased identification of people in their last year of life via increased use of RESPECT planning (22/23	RCC	Mar-24	Place						**GREY**
6.2.3											
6.3	**Care is coordinated**										
6.3.1	Full and confident embedding of the ReSPECT process to capture and share wishes for care, and increasing coverage of advance care plans at a time when these will be helpful.	Implmentation of the revised RESPECT form. Improve access to end-of-life care provision through design and mobilisation of a 24/7 advice line for patients, carers, and professionals (23/24)	ICB	Mar-23	Place	Increase in the number of patients with a RESPECT Care Plan					
6.3.2	Utilise responsive and flexible pathways to allow for rapid discharge from hospital where needed.	Enhancing the end-of-life discharge pathway through testing an integrated EOL social care bridging and co-ordination offer (22/23)							Delay to the 2023./24 EoL work programme which would be informed by the LLR EoL Strategy which will now be finalised in August 2023	Timescales have been adjusted to reflect delays.	**GREEN**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
6.3.3	Review of end of life care coordination. To include cross border coordination and hospital discharge facilitating next steps of palliative support. Information sharing supporting coordinated care.	Increase advance End of Life Care Planning by using risk data tools to identify people reaching last years of their life (22/23)	PCN	Mar-23	Place	Once baseline measures are taken, measure the increase in number of patients being indeitified and increase in the number of patients with a care plan.					**GREEN**
6.4	**All staff are prepared to care**										
6.4.1	Provide training for carers (formal and informal) in end of life care, so that individuals can receive appropriate care irrespective of place, with awareness raising around advance care planning and Power of Attorney.	Quality and co-production review of patient and carer experiences at end of life. Ensure end of life remains everyone's business through appropriate training and support (22/23)	RCC	Mar-24	Place						**GREY**
6.4.2	Provide training to support the care of those identified through a population health management approach as approaching the end of their lives. Training can help identify major life events that serve as trigger points for conversations. Support transition to palliative care phase.										
6.5	**Communities are prepared to help**										
6.5.1	Further develop the Dying Matters website to support coordination and choice of End of Life services. Also raise awareness of the vulnerability of the terminally ill and bereaved to scams working wtih Community Safety.	Raise local awareness to Integrated Community Specialist Palliative Care Service, specialist nursing, virtual day therapy, befriending support (22/23)									
6.5.2	Support a Compassionate Community approach across Rutland, developing volunteer networks skilled to work with people facing terminal illness or at end of life.	Explore the possibility of adopting a compassionate communities									
6.5.3	Behavioural change campaign to work towards changing social norms, to promote greater acceptance of discussions relating to end of life. This may include the use of alternative terminology and promote conversations about getting affairs in order. Use of behaviour change wheel methodology. Moments of reflection when wider planning is possible, also around organ donation and preparation of ReSPECT forms - e.g. when will writing.										
6.5.4	Joint Strategic Needs Assessment (JSNA) to be undertaken to understand the needs of the local population (including those nearing the end of their lives, their carers and the bereaved), the services available, and the quality of care provided. A focus will be given to capturing the views of those who use and provide services. To include a comparison of progress against the National Ambitions for Palliative and End of Life Care, using the self-assessment tool. Also considering learning from the Medical Examiner if this becomes available in time.

Priority 7a: Cross Cutting Themes - Mental Health

Senior Responsible Officer (on HWB) - 7a Mental Health **Mark Powell**

Responsible Officer (on IDG) - 7a Mental Health **Mark Young**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
7.1	**Supporting good mental health**										**GREY**
7.1.1	Increase access to perinatal Mental health support services, wherever Rutland women have chosen to give birth.	1.2.2 Healthy lifestyle information for women pregnant or planning to conceive (c) mental health.	LPT	2022/23	System						**GREY**
7.1.2	Understand the gaps in service reported by service users where children and young people need help with their mental health but have not reached the thresholds for mainstream mental health services, or have reached thresholds but are on waiting lists for CAMHS services, and ways to address these, including via new local services and low level/interim support offers delivered through library and wider commissioned and community services. Factor in anticipated future changes e.g. end of Resilient Rutland funding for children and young people's counselling in 2023.		LPT, PH	2022/24	Place and System						**GREY**
7.1.3	Increasing local resource to respond to children and young people's mental health need through implementation of Key Worker role, Mental Health support workers support in Schools, contribution of Resilient Rutland programme (funding ending Jan 23). Support to families on waiting lists and for those requiring support but not reaching CAMHS thresholds. Parallel support for parents and carers of children and young people with mental health needs.		LA, VCS, CCG	2022/23	Place						**GREY**
7.1.4	Transformation project for Rutland- Ensuring Mental Health services are delivered in Rutland including; a) Supporting services via funding bids: (Mental Health VCS grant scheme – crisis café - second round June 2022, Small grants - £3k - £50k - second round to open June 2022, OPCC commissioner safety fund – up to £10k) b) A clear co-designed approach to supporting farmers' and other individuals' needs linked to rurality c) A clear co-designed approach to better meeting veterans' and armed forces families' mental health needs d) A clear local plan to better coordinate care across neighbouring service areas		LPT/ CCG/ RCC	2022/23	Place and System						**GREEN**
7.1.5	Increased response for low level mental health issues. Promotion of recognised self-service self-help tools and frameworks notably Five ways to wellbeing. Expansion of capacity in local low level mental health services and closer working between involved local agencies and services, including in the voluntary and community sector and peer support, so more people access help sooner in their journey. Opportunities to develop resilience skills, e.g. through the Recovery College.		PCN, LPT, RCC, VCS	TBC	Place						**GREEN**
7.1.6	Deliver on the Long-term plan objectives for mental health for the people of Rutland: a) Move towards an integrated neighbourhood based approach to meeting mental health needs in Rutland b) Annually assessing the physical health needs of people with Serious Mental Illness (SMI) in Rutland c) Aiding people with serious mental illness into employment d) Delivering psychological therapies (IAPT - VitaMinds) for individuals as locally as possible to Rutland		LPT, PCN, RCC, VitaMinds	2022/23	System and Place						**GREEN**

Priority 7b: Cross Cutting Themes - Inequalities

Senior Responsible Officer (on HWB) - 7b Inequalities **Mike Sandys**

Responsible Officer (on IDG) - 7b Inequalities **Adrian Allen**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
8.1	**Readiness to deliver the plan**										
8.1.1		Sustain communications working group through year 1 of the plan to support establishment of new ways of working.	RCC	Jan-23	Place	Notes taken from all working group meetings and updated action plan					**BLUE**
8.1.2		Deliver the plan through engagement with the public and professionals	RCC	Mar-24	Place	Customer & patient feedback through the working group. Focus groups in the community e.g. digital innovation focus group with care providers. Other groups to be identified.					
8.1.3		High-level audit of communications and engagement assets across involved partners (skills, resources, channels, and tools) to help to plan cordinated approaches to communications (assests and gaps / opportunities).	RCC	Jun-23	System						
8.1.4		Define & agree scope and coordinate with key priority leads system level communications activity and mechanisms – e.g. access to citizen panels. Ensure linkage with other communication & engagement teams: RCC Communications team (Matt Waik), Sue Veneables (insights team)	RCC	Mar-23	System	Clarity regarding remit for communications. Regular productive communication meetings.					
8.1.5		Identify SMART goals and objectives, appoint leads on these are to be delivered, measured & reviewed.									
8.1.6		Identify and deliver some 'quick wins' for local communications									
8.1.7		Reporting to IDG and HWB on communications and engagement activity and performance.									
8.1.8		Annual report taking stock of overall performance and change									
8.2	**Ensuring people have access the information they need to maintain their health and wellbeing and to navigate change successfully**										
		Coordinate with ICB and places on a visual brand for health and wellbeing in Rutland				Agreement on visual brand,					
8.2.1		Agree approach for collaborative communications across health and care in Rutland.	RCC	Sep-23	System						**BLUE**
8.2.2		Co-ordinate mechanisms to engage Rutland's population in improved communications and communications management (digital impact). Improved Learning Disability Partnership Board (27/02/23), Carers week (June), Launch of self-referall portal (1st April), Adult Social Care annual feedback survey and updated personalisation survey	RCC	May-23	System	Agreed co-ordinated approach in place.					
8.2.3		Shared, rolling communications campaign calendar with selected campaigns prioritised and/or in common across the year – design, maintain, deliver.	RCC	May-23	System	Agreed comms campaign calandar in place					**BLUE**

Ref	What Do We Want To Achieve?	How Are We Going To Do It?	Lead Organisation	Timeframe for Delivery (Month/Year)	Level (System, Place or Neighbourhood)	How Will Success Be Measured?	Progress for May 2023	Progress for June 2023	Key Identified Risks	Mitigations	June 2023 Project RAG Status
8.2.4		**Training: Progress training opportunities including behavioural insights, social media.** Promote the digital inclusion network, the Rutland libraries are the listed online centres. Promote digital champions training, their resources (Learn my way) and the national data bank. https://www.onlinecentresnetwork.org/resources/healt h	RCC	Mar-24		Number of digital champions (currently 0 awaiting training to be rolled out)					
8.2.5		Link to local actions building digital confidence – to consult with the proposed leads. (Join up with initiatives across LLR). Co-ordinate with digital champions in the community, co-design & promotion of the self service portal. Link to local actions building digital confidence – to consult with the proposed leads. (Join up with initiatives across LLR)	RCC								
8.2.6		Enhance the Rutland Information Service (RIS) as a key shared source of information about local services and opportunities. • Develop RIS social media presence – bringing content to the online places people visit. • Website technical code refresh for accessibility and ease of use via a mobile phone. • Using website usability testing to increase the effectiveness of RIS content. Map digital confidence To consult							Duplications within systems		
8.3	**Raising the profile of the Rutland Health and Wellbeing Board**										
8.3.1		Web content conveying the role and purpose of the HWB and inviting public involvement. The role of the HWB is already on the RCC site. https://www.rutland.gov.uk/health-wellbeing/health-wellbeing-board Annual Health & Wellbeing board report in progress									
8.3.2		Visual identity for the HWB – papers, web page, social media. Minutes and papers are available on the RCC site for the public. Do we want a separate page for HWB? Do we want a Twitter account?									
8.3.3		Social media account for HWB health and wellbeing news/messages with shared hashtags. As above?									
8.3.4		Ongoing promotion of HWB activity including public engagement opportunities in health and wellbeing change. Yes - We can cover this in delivering actions 1 and 2 – ensure this weaves within all comms and engagement where appropriate									
8.4	**Involving the public and professional stakeholders in service design and change**										
		Business case setting out options for engagement activity depending on level of resourcing. This activity has been taken on by Adult Social Care Improvement Officers in the RCC QA Team therefore business case no longer required as of March 23									**BLUE**
