safer communities

Integrated Risk Management Plan 2015 - 2020 Consultation

Rutland County Council 27th November 2014

Aim & Content

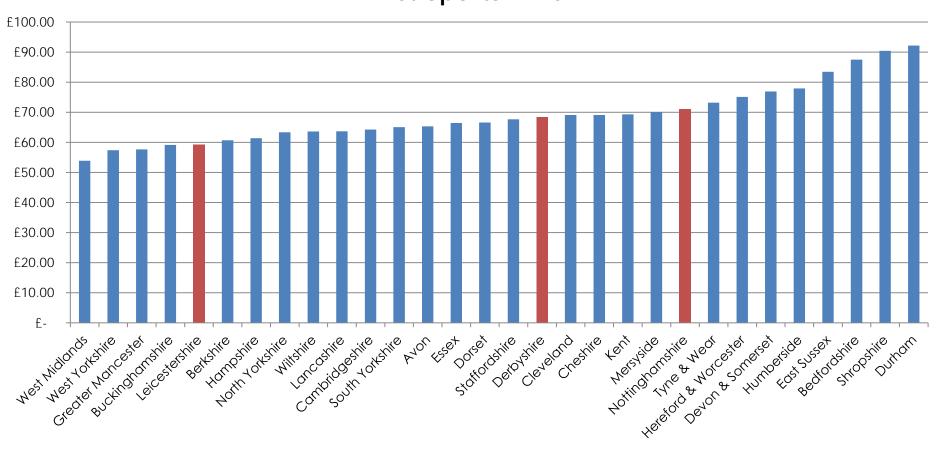

<u>Aim</u>: - To inform Rutland County Councilors on the Combined Fire Authority's (CFA) new Integrated Risk Management Plan (IRMP) 2015 – 2020.

Content: -

- Drivers for change;
- IRMP 2015 2020 proposals;
- 3. Rational and principles of proposals;
- Impact and consequences;
- 5. Consultation process/what we want to achieve;
- Confirm how we will engage and the time period involved...

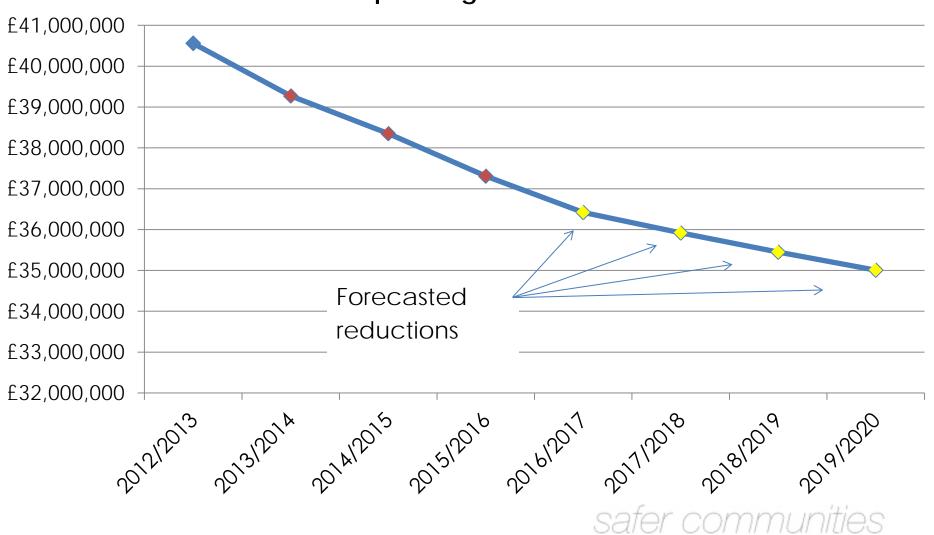

Drivers - Background

National Comparison on Band D Council Tax Levels For CFA & Metropolitan FRS

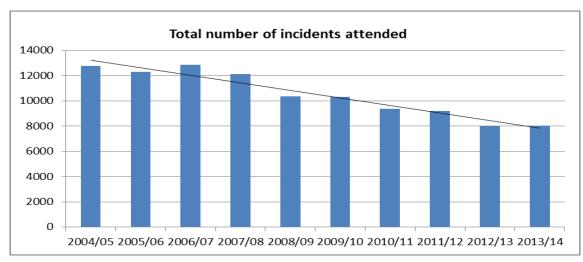

Drivers - Financial Pressures

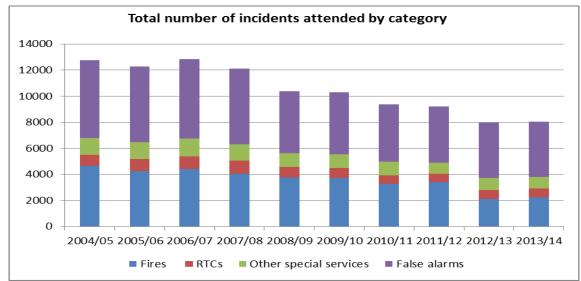

Chart 6 Revenue Spending Power 2012/13 - 2019/20

Drivers - Reduced Demand

37% reduced demand profile over ten years

Drivers - Forecast Deficit Over 5 Years

	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	Total
Deficit	£0	£1,568,954	£1,841,641	£1,200,000	£1,200,000	£1,200,000	£7,010,595

- Approximately £2m savings over the last 2 years;
- Reinvested to improve fire and rescue provision;
- Predicted reduction in spending power as a result of government cuts (6.5% year on year);
- Plus inflationary pressures...

IRMP Proposals

- To remove one fire engine from Loughborough Fire and Rescue Station;
- To remove the fire engine crewed by On-Call staff from Oakham Fire and Rescue Station;
- To remove one fire engine from the Leicester city area;
- 4. To crew all fire engines with a minimum of four people as standard;
- 5. To disestablish the resilience team whose role includes supporting "On Call" fire and rescue stations;
- To change the duty system at Wigston Fire and Rescue Station from a wholetime 2/2/4 and On-Call system to a wholetime Day Crewing Plus and On-Call system;
- 7. To ask members of the public if they would be prepared to pay more for their fire and rescue service...

Rational & Principles of IRMP Proposals

- Supported by the outputs of the new LFRS Community Risk Model and response time analysis;
- Externally validated to determine suitability and overall fitness for purpose;
- LFRS Community Risk Model applied at District level;
- IRMP District profiles;
- Proposals represent the best way of utilising resources;
- In addition, these changes, if approved, should enable the CFA to agree a balanced budget during the short to medium term...

Impact of IRMP Proposals

Table Based Upon 1.5% Council Tax Levels										
	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	Total			
Deficit	£O	£1,568,954	£1,841,641	£1,200,000	£1,200,000	£1,200,000	£7,010,595			
Savings	£247,780	£1,115,103	£2,206,874	£894,290	£779,040	£O	£5,243,087			
Deficit With Savings	£247,780	-£453,851	£365,233	-£305,710	-£420,960	-£1,200,000	-£1,767,508			
WT Establishment Reduction	0	8	56	20	20 0		104			
RDS Establishment Reduction	0	0	12	0	0	0	12			

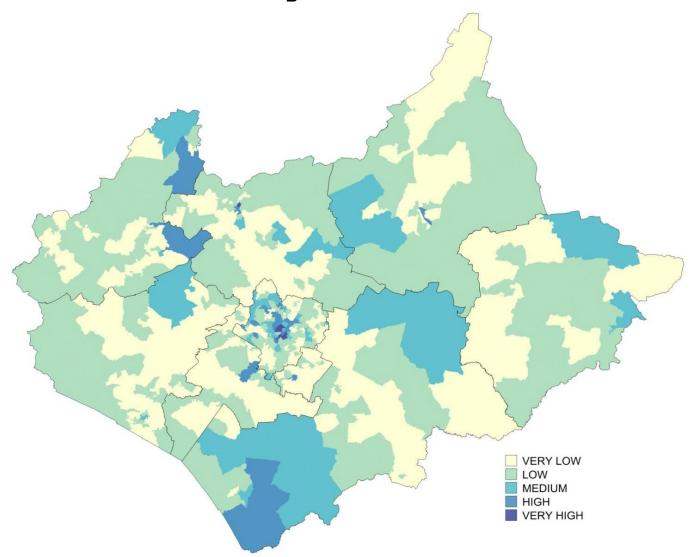

RDS: Retained Duty System. WT: Wholetime

- Maintain 20 fire and rescue stations;
- Reduce fire engines from 30 to 27 safer communities

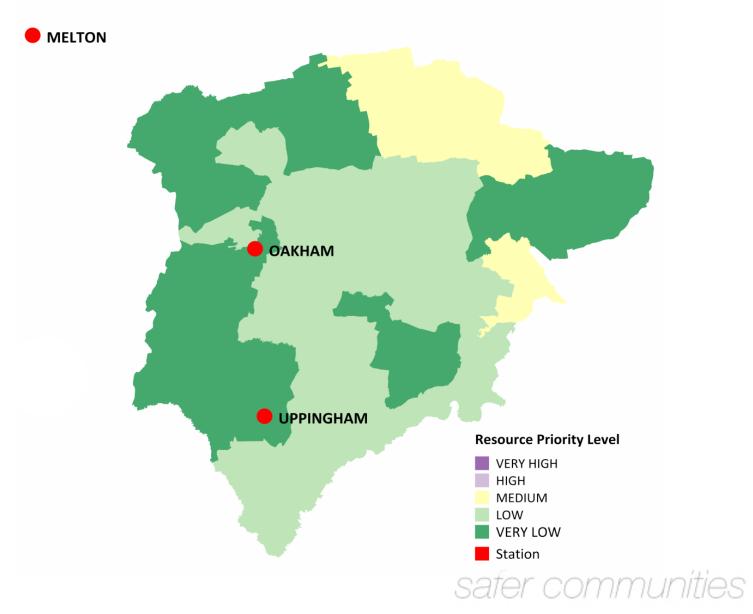

Principles of Consultation

- Governing principle is proportionality of type/scale of consultation to the potential impacts;
- Looking for quality as opposed to quantity;
- Follow the Gunning Principles:
 - formative stage;
 - sufficient information;
 - enough time;
 - take into account...
- We want to garner views to understand possible unintended consequences and get views on implementation;
- Not a referendum managing expectations...

Authority Risk Profile

Rutland Performance – Attendance Standards Over the Last 3 Years

- 81.9% of life risk incidents were attended within 10 minutes in the last 3 years;
- In addition, a much higher percentage of 98.6% of non life risk incidents were attended within 20 minutes...

Rutland Risk Profile

- Rutland represents the lowest overall risk of all of our community areas;
- Least deprived;
- Call rates are lower;
- Number of people affected lower;
- The number of people realising injuries is lower;
- Rutland is comparatively the safest place to live and work and our plans adjust operational provisions to be far more reflective of this fact...
