In previous years a proportion was coded to 1517, the operations code. From 2012-13 4680 will be managed by Team 6 and recharges will be made quarterly to ensure better tracking of commitments, and a proportion will be coded to 1517 (activities such as school post etc.) |
| 1518 | Rural Transport Grant | 427,400 | 419,600 | 427,400 | 379,000 | 371,563 | $(55,837)$ | Likely underspend has been reported since Q3. Variance of $£ 8,337$ from P11 due to overestimate of the values of final invoices for March - reduction in subsidy for R47 had not been taken in to account. |
| 1519 | Concessionary Travel | 330,800 | 330,800 | 330,800 | 334,900 | 332,599 | 1,799 | Q3 estimate was close to final outturn. February weather was good and led to higher than expected use of concessionary travel, and as a result the estimate in P11 predicted continued high levels of use. However March was the wettest for 100 years, resulting in much lower levels of use, bringing expenditure back in line with Q3 estimate. |
| 1520 | Home to School Transport | 676,800 | 676,800 | 669,500 | 685,300 | 741,358 | 64,558 | £29,919 of internal recharges from 4680 were coded to this account at year end. This value was not included in estimates as Team 6 did not control this budget, In 2012-13 both cost centres will be managed by Team 6 which should improve estimates. In addition a $£ 20,022$ recharge to Catmose College for contracted travel was not issued by year end, resulting in a deficit in the budget. This revenue is now expected in 2012-13, however it was not identified until after budgets were closed. Some invoices from 1521 were coded to 1520 in error (see below) |
| 1521 | Home to College Transport | 104,900 | 119,900 | 104,600 | 113,600 | 96,727 | $(8,173)$ | Underspend relates to miscodings of invoices to 1520 rather than 1521. Increased scrutiny of monthly postings should improve accuracy of reports in 2012-13 |

An additional reduction in charges of $£ 6,900$ was negotiated in year and JA budget has been reduced for 2012-13. <br> Expenditure was reduced from Q3 predictions by $£ 5,768$ due to delaying recruitment to vacant posts (had predicted salary overspend due to delayed reductions in opening hours). Several property related codes experienced underspends of around $£ 1 \mathrm{k}$ resulting in the cumulative underspend. |
