PETITIONS, DEPUTATIONS AND QUESTIONS FROM MEMBERS OF THE PUBLIC

<p>DETAILS</p> <p>The Implementation Plan, as presented to the Adults & Health Scrutiny Committee on 17th February 2022, is nothing more than a list of aspirations. It is notable that no reference is made about the future of RMH or any possible equivalent facility, which appears to be an ominous harbinger for Rutland, given the Government’s objective of seeking to place more non-acute care closer to patients. The outputs expected from the current Plan are ill-defined and typically within unspecified timescales and with no associated financial budget. Responsibility for delivery is also not clearly defined.</p> <p>It follows that it is not possible for either Councillors or residents to assess progress or outcomes against any properly detailed plan. The absence of necessary detail in the Rutland Plan stands in stark contrast to the submissions of Leicester / Leicestershire.</p> <p>Why then should Rutland residents have any confidence that when the Plan is submitted for review by the ICS it will be afforded the same degree of consideration of health priorities as that given to Leicester and Leicestershire?</p>
