TITLE OF DECISION:

Decision to enter into legal agreements with Uppingham Community College (UCC) to establish a new SEND provision at the school.

CABINET delegated this decision in Report 71/2019 on 16th April 2019 as follows;

Delegate authority to the Strategic Director for People in consultation with the Deputy Director of Corporate Governance and the Portfolio Holder for Lifelong Learning to enter into all necessary agreements to progress the project.

PURPOSE OF THE DECISION

To enter into legal agreements with UCC to provide Capital funding to undertake construction and resourcing of the facility on site at the Uppingham Community College and support the start-up of the facility.

DECISION DETAIL

To enter into a legal agreements with Uppingham Community College to establish a new SEND provision at Uppingham Community College. Funding for the Capital development has been provided by the DfE Special Provision Capital grant.

To enable Rutland County Council to deploy a total of £700,000 of Capital grant funds to enable a new Special Educational Needs provision at Uppingham Community College.

To progress the building project and resourcing of the facility by UCC, which will deliver more local education places for children with Special Educational Needs and Disabilities and to provide start-up funding of up to £200k from the Councils own reserves.

REASON FOR THE DECISION

The DfE have provided Special Provision Capital Fund of £848,837 over three years (2018-21) to enable RCC to meet Programme Objectives:

- Use the DfE Capital funding to provide in-county educational places for students with Special Educational Needs or Disabilities (SEND) and who have an Education, Health and Care plan (EHCP).
- Increase local provision and be less reliant on out of county or independent provision, so that children with SEND have excellent access to local education. Children who are able to attend, are better able to build positive peer and community links and are more prepared for adulthood and independence.
- Give effective transitions for children from Primary to Secondary school and to post 16 provision and onto adulthood.
- Manage the flow of young people into secondary education and ensure that they have opportunities to experience a supportive mainstream curriculum.
- Have a positive impact on the financial cost and physical impact of transporting children with SEND which comes from the RCC General Fund.
- Grow quality of practice and support to families, and respond to what children and families tell us is important about local schools and services.
- Resources to be deployed to meet wider SEND system changing strategic objectives. Assist in encouraging aspirational inclusion leadership in schools, ensuring that staff

have skills and confidence to support children in mainstream education where this is possible.

- Lead to a longer term positive financial impact on the High Needs Block- Designated Schools Grant.

OTHER OPTIONS CONSIDERED AND REJECTED

RCC have undertaken needs analysis that demonstrate a need for this new provision, other sites were approached and discounted in due course.

Legal agreements provide assurance and mitigate the risk to both parties, therefore not entering into proportionate agreements was considered and rejected as a course of action.
